

Bin Hee (何滨).
Programmer VII
AIS group of UC Davis Health System
Tel: 916-230-5374
Email: bhe_good@yahoo.com

I studied Mathematics and Logic in China, earned a MS degree in computer science from Ohio University in 1997. I have been working for UC Davis since September 2006. Between 1997 and 2006, I worked for various private companies and Sacramento County. Besides my full time job, I teach evening math classes at Cosumnes River College.

I am married and have three children. I love playing and watching tennis. I also enjoy playing chess.

Carl Duan
Office of Design and Technical Services/ DES/ HQ

Email: Carl.Duan@dot.ca.gov

Originally graduated from Harbin Architectural and Civil Engineering Institute (now HIT) in China, I now work as a senior bridge engineer and a specialist at the California Department of Transportation. I received my Ph. D degree at Purdue University in 1996 and then started working as an engineer with Quincy Engineering Inc in transportation engineering. I joined Caltrans in 1998 afterwards and have been working there ever since. I have designed many bridges and developed guidelines for underground structures for the California State. I'm currently also serving Chang Cheng Chinese School (CCCS) as a board member.

My wife, Jinli Guo, and I have two children in our family. We all love Chinese culture (literature, arts and flavor dishes) and our community. As a long-time member of the association, it would be a great honor and joy for me to serve as a board member for the association.

Cindy Qin
Senior Programmer Analyst
Department of Corrections & Rehabilitation
Phone: (916)799-9458
Email: jjumei_1999@yahoo.com

I have been working for Department of Corrections & Rehabilitation for about 7 years (2007-Present). Prior to that, I had worked at Franchise Tax Board for about 7 years starting from Programmer I to Staff Programmer Analyst (1998-2005). I had been a house wife for two years in Shanghai in between these two jobs. I was an English teacher in China before coming to the United States.

At my leisure time, I enjoy practicing yoga, shopping, watching movies and doing outdoor activities. Most importantly, my husband and I enjoy being the dedicated parents of two kids, Rikki (19) and James (12).

Qi Zhao (趙琦)

Transportation Engineer

California Department of Transportation

Originally from ShiHeZi, XinJiang, I came to US in 1990 and graduated from the Civil Engineering Department of UC Davis in 1996. After graduation, I worked for Jacobs Engineering Group and Stantec in the Bay Area for a few years, then joined Caltrans in 1998 and worked there ever since. I moved to Sacramento in 2000.

I am married with 2 kids, who are attending CCCS now. In my free time, I enjoy playing badminton, tennis, skiing, and other sports.
