My name is Andrew Tan. I currently work as a Senior Transportation Engineer in Caltrans. I came to this country in 1984 from Malaysia and graduated from California State University at Fresno in 1988. I have been the CCEA member since it was founded more than twenties years ago. I love to volunteer public activities and community services. I will be humbled and honored to serve CCEA as a member of the board of directors if you vote for me. I strongly believe that “The greatest moment of America” yet to come and together we can overcome all of the challenges and difficulties in life and for the better and hopeful future.
